2" x 2" Spacing

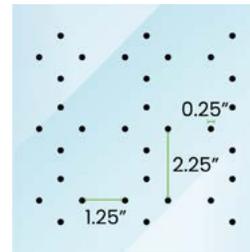

Harmony

2" x 2" Spacing

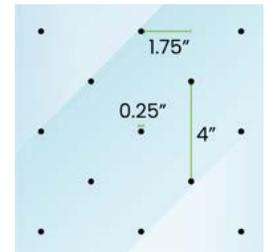

Rain

4" x 2" Spacing

Serenity

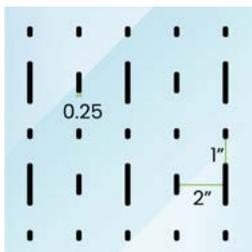

2.25"x1.25" Spacing

Horizon

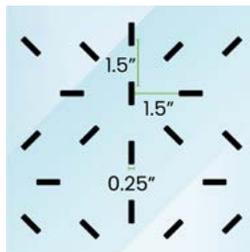

4" x 1.75" Spacing

Linear Patterns

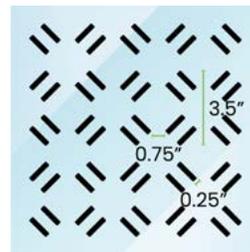

Sequence

2"x1"-1.75 Spacing

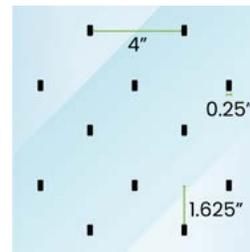

Sunburst

1.5" x 1.5" Spacing

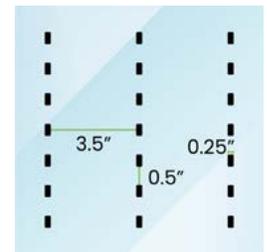

Affinity

.75" x 3.5" Spacing

Unity

4"x1.625" Spacing

Balance

3.5" x .5" Spacing

4 standard colours:

White

Light Grey

Dark Grey

Black

Custom design and colors
available upon request

Storage & Installation Notes

- Install within two months of receiving product.
- Store in a cool, dry place, out of direct sunlight.
- Can be installed in temperatures as low as -20°C, allowing for year-round installation, even in colder climates.
- In cooler conditions, leave the premask on temporarily to allow adhesive to bond.
- Avoid installing in high heat, humidity, or direct sun; early morning is ideal.

Cleaning Instructions

Pre-Installation

- Clean the glass with water and 4-6 drops of dish soap.
- For extra-dirty glass, use a razor-blade style glass scraper to remove debris.
- After the initial cleaning, clean glass again using a 50/50 solution of isopropyl alcohol and water. Never use a cleaning product with silicone (such as Windex).
- Ensure that the glass is completely dry before applying the markers.

Warranty

Feather Friendly® Pro Large-format markers are covered by a 15-year product warranty for the following issues:

- Defects such as physical damage, visual flaws, delamination, large-area failure, and discoloration caused by UV or environmental exposure.
- Not covered: Labour for removal or replacement, incidental costs unrelated to the product, or damage caused by cleaning chemicals, abrasives, power washing, or vandalism.
- To make a claim, report defects within 30 days of receiving the product. Pre-approval is required before returning any materials. Feather Friendly® may inspect the product to confirm warranty eligibility.

If approved, we'll provide either a replacement product or a refund of the original cost, at our discretion.

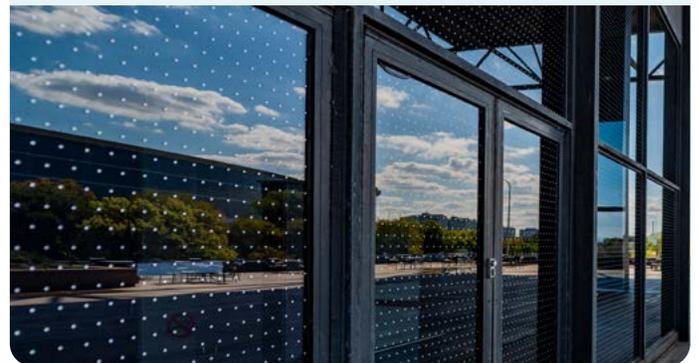

Post-Installation

- Do not clean glass for 30 days after installation.
- Use dish soap and water with a soft cloth/synthetic sponge and a soft rubber squeegee.
- Do not apply heavy pressure; do not power wash.
- Do not allow snow/ice buildup at glass railings.

Visual Inspection

After installation, please check that:

- There are no missing markers
- Markers are evenly placed
- Border spacing is consistent
- Markers are aligned with those on adjoining windows
